

Cape and Antler Preservation Enhancement (CAPE) Act

Section-By-Section

Section 1. Short Title

This section states the short title of the bill as the Cape and Antler Preservation Enhancement Act (CAPE Act).

Section 2. Donation and Distribution of Meat, Capes, Horns, and Antlers from Wildlife Management Activities on National Park System Land.

This section amends an existing provision that currently authorizes, under certain conditions, ‘qualified volunteers’ to participate in carrying out wildlife management activities; That provision allows the Secretary to authorize the donation and distribution of meat to certain groups, including those qualified volunteers that carried out the activity. This section extends the scope of that provision to also include the donation and distribution of cape, hide, horns and antlers to certain groups, with priority given to the qualified volunteers that conducted and participated in the activity.
